oast Line Will Operate

Trains Through Here.

WICE WILL BE REALLY FINE

manguration of This Service Will lan a General Change of Operation Trains Between High Springs, sinesville and Rochelle.

Work on the Atlantic Coast Line "Y" Alsehua, which will connect the mile and Southwestern divisis progressing nicely under direcof Chas. W. Wells, who has the ract for grading, etc. Mr. Wells m that the grading will be comsed by Tuesday of the coming week. from has been laid from the High gs track to the public road near It a mile, and only a quarter of a the ground for that purpose. It is deplated that by the end of next wet. sek the entire work will have been mplished

When this "Y" is completed, the cusare guessing just what will fol-It is a well established fact that Atlantic Coast Line proposes to opate through trains from St. Petersg to Jacksonville via Gainesville Alachua, and that the service will good, but the question arises as to w soon this will be done. There is a emation are reluctant to divulge it, the public can do nothing but keep McCollum & Co. armising as to the future.

The inauguration of this through sere will lessen the distance between lectsonville and St. Petersburg nearly bry miles, as it will save the extra distance now covered in the L shaped trip from Rochelle to Jacksonville via Palatka. The distance between Gainestille and Jacksonville via the Atlantic Coast Line will also be considerably mortened, being only a few miles further than by the Seaboard Air Line.

Naturally this new service will materially affect the schedules of trains into this city at present. It will virtoally annul the train from High springs to Rochelle, but will necessitate a schedule either between High Springs and Gainesville or High springs and Alachua. The schedule will probably be arranged between this city and High Springs for the convenimee of patrons of the road who desire to visit Gainesville for the purpose of trading or other business.

It will be necessary to place a serwhich will probably make a round trip daily between the two points.

NEW RAILROAD AGENCY.

Atlantic Coast Line Will Establish Regular Agency at Worthington.

The good people of Worthington Springs, on the Jacksonville and Southwestern division of the Atlantic Coast Line, will soon enjoy the privileges of a regular agency, as the railroad authorities have decided to open a telegraph office and place an agent there.

Worthington is now a flag station, which is rather inconvenient. The popularity of that resort and the increased traffic to Worthington, however, necessitated better facilities.
